

Special Projects at Dilworth Lutheran:

1. We have a Parking Lot Fund #730 that will be used to finish the East Parking Lot. The cost for a final layer of blacktop which will be stripped for parking spaces is expensive. The estimated costs are more than \$40,000. If you would like to help make this project a reality contributions can be made to Fund #730
2. Sound Panels for the Faith Life Center. The FLC is a great room but is often hard to hold large group meetings in because of the 'reflective' action of the sound in the room. To help correct that issue we have a \$2,000.00 bid for sound panels to be installed on the side and back wall of the FLC. It is our hope to have this project accomplished by the beginning of October and the classes and meeting that will be held in that room. If you would like to make a contribution to this project please designate your gifts to the Musical Instruments Fund #740 with a note for the 'Sound Panels'.
